

**2. New metal sign on existing metal post next to bench (subject to agreement with Aberdeenshire Council)**

**7. New post visible from gate to south**  
**10. New 1.5m post to replace existing, visible over bracken (next to garage)**

**8. New post visible from road to north (subject to agreement with landowner)**  
**9. Arrow on Deeside Way post**

**3. New metal sign & post in verge of footpath to north of road**

**4. New post at junction**

**5. New post at junction**

**6. New metal sign within corner of woodland**

Timber posts will be designed to match existing posts as shown here.

Metal signs are standard Scotways aluminium directional fingers on mild steel pole, similar to this example.
